

PRIMA^{plank}™

FIBRE CEMENT

VER: 1.0

PRIMA^{plank}™ is an autoclaved cellulose fibre reinforced cement siding board made for wall cladding. A low maintenance, no hassles weatherboard available in smooth or woodgrain finishes.

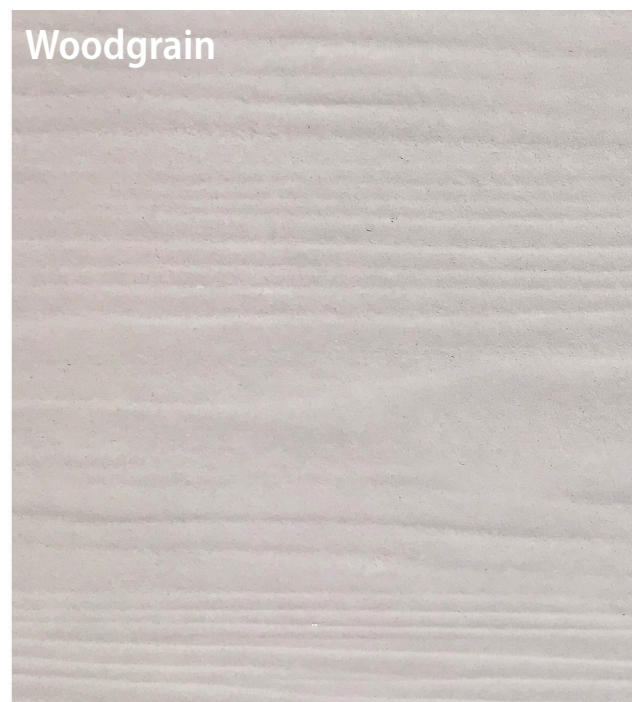

What is PRIMA^{plank}™ designed for?

PRIMA^{plank}™ is designed as an external cladding perfectly suitable as a substitute to traditional timber claddings without all the maintenance hassles. Ideal for use in new residential homes, alterations and additions.

- ✓ Hassle Free Maintenance
- ✓ User Friendly
- ✓ Weather Resistant
- ✓ Termite Resistant
- ✓ Excellent Workability
- ✓ Asbestos Free
- ✓ Cost Effective
